Programme Overview

This programme has been developed in collaboration with the **Gahlawat Poultry Farm, Kakroi (Sonipat)** and C. R. A College, Sonipat . The programme is intended to provide basic knowledge and technical skills in the areas of Poultry Feeding, Housing, Management and Health Care. The programme also aims to develop human resource in the area of Poultry Farming. The knowledge imparted shall facilitate better management of poultry in scientific lines which in turn will improve their productivity.

About the Programme:

Nowadays everyone is thinking of some business planning for income. Backyard poultry farming is a convenient and competitive business in agriculture sector. A decent number of families of the farming community in India practice poultry farming as a secondary business (after agriculture). There are a huge number of poultry farmers whose only source of revenue is poultry farming. The course is designed to acquaint with the status and perspective of Poultry Industry and advantages of rearing poultry.

We conduct a two-day training program, this includes interactive classroom sessions, question-answer sessions, Field visit, etc.
