Lesson Plan Format
18 weeks (From January 2018 to April 2018)

Name of Assistant /Associate Professor : DR. SANGEETA MANN
Class and Section : B.A. 4th Sem. (SCC-D)
Subject : Geography (Practical)

Week 1(January 1-6)	
Chapter 1	
01/01/2018	— Holiday —
02/01/2018	— Holiday —
03/01/2018	— Holiday —
04/01/2018	— Holiday —
05/01/2018	— Holiday —
06/01/2017	— Meaning and Definition of Map Projection
Week 2(January 8-13)	
Chapter	
08/01/2018	— Properties and imp. of Map Projection
09/01/2018	— Meaning and Definition of Map. Projection
10/01/2018	— Properties and imp. of Map Projection
11/01/2018	— Meaning and Definition of Map Projection
12/01/2018	— Properties and imp. of Map Projection
13/01/2018	— classification of Map Projection
Week 3(January 15-20)	
Chapter	
15/01/2018	— characterstics & latitudes & longitudes
16/01/2018	— classification of Map-Projection
17/01/2018	— characterstics & lattitudes & longitudes
18/01/2018	— classification of Map Projection
19/01/2018	— characterstics & latitudes and longitudes
19/01/2018	— Cylindrical Projection — Principles & Propentie
20/01/2018	— Simple cylindrical Projection
Week 4(January22-27)	
Chapter	
22/01/2018	— Holiday —
23/01/2018	— Cylindrical Projection — Principles & Properties
24/01/2018	— Holiday —
25/01/2018	— Simple Cylindrical Projection
26/01/2018	— Holiday —

Scanned by CamScanner

27/01/2018	Cylindrical Projection – Principles & Properties
Week 5 (January29- Feb3)	
Chapter	
29/01/2018	– Simple cylindrical Projection
30/01/2018	– cylindrical Equal Area Projection
31/01/2018	– Holiday –
01/02/2018	– cylindrical Equal Area Projection
02/02/2018	– cylindrical Equal Area Projection
03/02/2018	– Practice –
Week 6(Feb 5-10)	
Chapter	
05/02/2018	– Mercator's Projection
06/02/2018	– Conical Projection – characteristics & Application
07/02/2018	– Mercator's Projection
08/02/2018	– conical Projection – characteristics & Application
09/02/2018	– Mercator's Projection
10/02/2018	– Holiday –
Week 7(Feb 12-17)	
Chapter	
12/02/2017	– Simple conical with one standard Parallel
13/02/2017	– Holiday –
14/02/2017	– Simple conical with one standard Parallel
15/02/2017	– " " " two standard Parallel
16/02/2017	– Simple conical with one standard Parallel.
17/02/2017	– " " two standard Parallel
Week 8(Feb 19-24)	
Chapter	
19/02/2018	– Bonn's Projection
20/02/2018	– Revision and Practice.
21/02/2108	– Bonn's Projection
22/02/2018	– Revision and Practice
23/02/2018	– Bonn's Projection
24/02/2018	Revision and Practice
Week 9(Feb 26-March03)	
Chapter	
26/02/2018	– Zenithal Projection – characteristics & Application
27/02/2018	– Gnomonic Zenithal Projection
28/02/2018	Holiday
01/03/2018	Holiday

Scanned by CamScanner

02/03/2018	— Holiday —
03/03/2018	— Holiday —
Week 10(March 5-10)	
Chapter	
05/03/2018	– Stereographic zenithal Projection
06/03/2018	– Practice
07/03/2018	– Zenithal Projection – characteristics and Application
08/03/2018	– Gnomonic Zenithal Projection
09/03/2018	– Zenithal Projection – characteristics & Application
10/03/2018	– Gnomonic Zenithal Projection
Week 11(March 12-17)	
Chapter	
12/03/2018	– Orthographic zenithal Projection
13/03/2018	— Practice —
14/03/2018	– Stereographic Zenithal Projection
15/03/2018	– Orthographic Zenithal Projection
16/03/2018	– Stereographic zenithal Projection
17/03/2018	– Orthographic Zenithal Projection
Week 12(March 19-24)	
Chapter	
19/03/2018	– Polar Zenithal Equal Area Projection
20/03/2018	– Polar Zenithal Equal Distant
21/03/2018	– Polar Zenithal Equal Area Projection
22/03/2018	– Polar Zenithal Equal Distant
23/03/2018	— Holiday —
24/03/2018	– Polar Zenithal Equal Area Projection
Week 13(March 26-31)	
Chapter	
26/03/2018	– Sinusoidal Projection
27/03/2018	– Mollweidis Projection
28/03/2018	– Sinusoidal Projection
29/03/2018	— Holiday —
30/03/2018	– Sinusoidal Projection
31/03/2018	– Mollweidis Projection
Week 14(April 02-07)	
Chapter	
02/04/2018	– Survey – its Definition & Type
03/04/2018	– Plane table Survey – definition & Instruction
04/04/2018	– Survey its definition, & Type

Scanned by CamScanner

05/04/2018	Plane Table survey – definition & Instruction
06/04/2018	Survey – Definition & Type
07/04/2018	Plane Table Survey – definition & Instruction
Week 15(April 09-14)	
Chapter	
09/04/2018 –	Radiation Method
10/04/2018 –	Intersection Method
11/04/2018 –	Radiation Method
12/04/2018 –	Intersection Method
13/04/2018 –	Radiation Method
14/04/2018	– Holiday –
Week 16(April 16-21)	
Chapter	
16/04/2018 –	Open Traverse Method
17/04/2018 –	Drawing of Survey
18/04/2018	– Holiday –
19/04/2018 –	Open Traverse Method
20/04/2018 –	Open Traverse Method
21/04/2018 –	Intersection Method
Week 17(April 23-28)	
Chapter	
23/04/2017 –	Revision of Survey
24/04/2017	– do –
25/04/2017 –	Drawing of Survey
26/04/2017 –	Revision of Survey
27/04/2017 –	Drawing of Survey
28/04/2018	Revision of Survey
Week 18(April 29-30)	
Chapter	
30/04/2018	– Holiday –
